

# Soča Valley & Goriška Brda 2-day tour

Visit Slovenian Tuscany and the valley of the emerald river.

## ITINERARY

### FIRST DAY

Departure from the main bus station in Ljubljana at 8:00.

The route will first lead us towards Kranjska Gora and the Vršič pass.

Followed by a descent into the picturesque alpine valley of Trenta and a visit to the Great Soča Gorge, which for many is one of the most beautiful natural sights of the Soča River.

Followed by a drive to Mt. Mangart and the Mangart saddle, which offers a beautiful view of the Triglav National Park.

From the Mangart saddle we will head towards the Boka Waterfall, a 106-meter waterfall near the town of Bovec.

After the tour, we will head towards Bovec, where we will have a longer lunch break or visit the city on our own.

Next is a drive through the picturesque valley of the Soča River to Kobarid, where we will first visit the Kobarid Museum, which is primarily dedicated to World War I and the Soča Front, one of the

largest battle scenes in the mountainous region.

Followed by a departure towards the ridge of the Kolovrat hill, where the border between Austria-Hungary and Italy took place during the First World War and is arranged into one of the most beautiful open-air cross-border museums. At the defensive positions of Kolovrat, we will meet a costumed soldier who will show us a labyrinth of caverns and a network of trenches built by the Italian army as a system of defensive lines.

Then we will head towards the Memorial Church of the Holy Spirit, one of the most beautiful monuments of the First World War on the territory of Slovenia, with the sign of European cultural heritage.

The tour is followed by dinner at the Franko House in Kobarid, where the world-famous Ana Roš cooks. The restaurant is closely associated with communities of gatherers, mushroom pickers, shepherds, cheesemakers, hunt-

ers and fishermen. The restaurant is located in an area rich in trout, venison, forest fruits and wild plants, which they include in their dishes on a daily basis.

### SECOND DAY

Arrival in Gonjače in the early morning, where we will climb the lookout tower, from where there is a beautiful view of Goriška Brda dotted with olive groves, orchards and vineyards.

Followed by a visit to the medieval town of Šmartno, from where there is a beautiful view of the Brda landscape.

In Šmartno we will visit Nona Luisa, where they are engaged in olive growing (olive oil tasting) and winemaking. In addition, we will get acquainted with natural cosmetics made from olive oil and try our hand at preparing cosmetics (workshop).

Goriška Brda is the land of many good wines, so we will visit Gredič, where we will get to know winemaking and excellent Brda

wines.

Full of impressions, good mood and a little hungry, we will go to lunch at the Belica homestead in Medana, where we will taste excellent Karst prosciutto, cured meat products and wines and home-made Brda dishes, and we can also visit their shop with local products.

Since we have consumed quite a few calories, and we will have a few more, we will head towards Nebl, and from there we will walk up to the natural bridge Krčnik.

The trip will make us a little tired, so it is right to cheer up our palates for the highlight of the day with a dinner in Dobrovo Castle with a selected selection of wines and Brda dishes.

We will return to Ljubljana in the late evening.
